INVITATION
TO VISIT

Vacuum ROADSHOW

Vacuum, in-vacuum, thin films;
technologies /equipment & training.

WEDNESDAY 14 JUNE 2017
TECHNOLOGY AND INNOVATION CENTRE
UNIVERSITY OF STRATHCLYDE, GLASGOW

Visit the ROADSHOW and:

- Meet with suppliers face-to-face
- View latest equipment for the vacuum environment
- Attend talks on vacuum techniques
- Join FREE training course

Exhibition Opening Times: 9am–5pm
Talks & Training 11am–4pm

Vacuum ROADSHOW

Vacuum, in-vacuum,
thin films; technologies /
equipment & training.

See the 30+ EXHIBITORS within the Vacuum
and Photonex Roadshows online

Vacuum Roadshow is all about vacuum
technology – technologies in-vacuum; the
Roadshow provides convenient easy access to
knowledge and information.

EVENT INCLUDES

Vacuum Technology Talks

11:00 to 13:00

A selection of tutorials will be given by exhibitors and invited
speakers including:

'Thin film research – key enabler for novel sensor and imaging
applications', PROF DES GIBSON, INSTITUTE OF THIN FILMS,
SENSORS & IMAGING, UNIVERSITY OF THE WEST OF SCOTLAND and
'Considerations for the selection of precision positioners in a
vacuum', MIKE COTTEE, PI

PLUS TRAINING

Basics of Vacuum and Leak Detection

14:00 to 16:00

TRAINER: DR GRAHAM ROGERS, LEYBOLD UK LTD

Introduction to the fundamental theory of vacuum technology
and the operating principles behind wet and dry vacuum pumps
and leak detectors, with a UK exclusive introduction to
Leybold's new ECODRY forevacuum pump and Gamma ion
pumps for research and development.

Please register on-line to attend (during the registration
process select appropriate ticket type) or call us on
+44 (0)1372 750555 to book your place.

LATER THIS YEAR

VacuumExpo
Technology in a Vacuum

Industrial Applications and
Scientific Vacuum Technologies
11th & 12th October 2017 · Ricoh Arena Coventry · UK
